

# FIREWORKS ON SALE FRIDAY

### County to Enforce Ban on Sale, Shooting of Explosives

More than \$1,000 worth of fireworks of every description has been ordered by the Torrance American Legion post for sale at two stands here starting tomorrow, Friday. The legion unit urges all residents to patronize its pyrotechnic pavilions because all profit from the sales goes to the Legion's fund for veterans' rehabilitation and relief.

William H. Stanger is again in charge of the fireworks sale. The two stands are located at Carson and Cabrillo and on Narbonne avenue at the Torrance-Lomita boundary line. The stands will be open evenings until 9 or 10 o'clock and the sale will continue thru July 4.

Plan "Navy Night"

Commander Grant Barkdull announced two important meetings of the Legion post this week. Next Tuesday, July 5, the unit will nominate officers for the coming year and also nominate delegates to attend the Department convention in Santa Monica. The election will be August 2 and installation is set for Aug. 23.

On July 19, the post will observe "Navy Night" in conjunction with the Auxiliary. Following a 6:30 o'clock dinner, motion pictures recently taken of the Battle Fleet in action will be screened at the Legion clubhouse. The public is invited to attend the entertainment providing reservations for seats are made in advance with Commander Barkdull.

Members of the post, directed by Steve Bartchko, have greatly improved the appearance of the clubhouse property by renovating the grounds and planting new shrubbery. This work is continuing.

You can't shoot fireworks, or even sell them, in the unincorporated areas of the county this year.

This warning was issued today by Joseph J. Davis, chief assistant county firewarden, who said that orders had been issued to all the department's stations to rigidly enforce the county fireworks ordinance this year.

Forbidden are the sale or use of: firecrackers, salutes, bombs, chasers, skyrockets, Roman candles, triangle wheels, pin wheels, balloons, operated by means of any flame, or any fireworks containing dynamite, phosphorus, nitroglycerin or other explosive that might cause a conflagration.

Approved as "safe and sane" are: fountains, lawn lights, colored sprays, pyrosopes, cap pistols, paper cap torpedoes and some others. Not even the safe variety of fireworks are permitted in mountainous districts or near service stations, Davis said.

## Five Young Mexicans Held For Investigation

Aroused by the suspicious actions of five young men in a Ford roadster with a rumble seat, a housewife living near the intersection of Acacia and Sierra streets called police shortly before 9 o'clock last Thursday night. Before officers arrived two of the boys left the roadster for an unknown destination.

When the patrol car appeared, two jumped from the machine and ran toward Madrid. The fifth was held. Shortly before 3 o'clock Friday morning police had succeeded in rounding up the other four—the last two being found hiding in a hay field off 186th street. All were Mexicans, three of them 17 and two 16 years of age.

Also they claimed they stopped in the dead-end street to repair a flat tire; they were held for investigation and questioning revealed that one, the driver of the machine, was on probation for a Los Angeles conviction. The boys live in Gardena.

Command Resident Investigation developed that the boy on probation had stolen a number of tools from the 210th Street resident was visiting Mr. and Mrs. Diethers in the 1100 block on Acacia. Also he told police he hid the tools in a nearby vacant lot the implements could not be found. The other boys denied being implicated in the series of house robberies which have been occurring here for the past several months.

The young probationer was turned over to juvenile authorities for violation of his parole and the others placed under voluntary probation.

The officers commended the housewife for her promptness in summoning them, stating that if more residents would call the police on observing anything of a suspicious nature that the authorities could serve better in crime-prevention work.

## S. P. Seeks to Reduce Fares in S. F. Territory

The State Railroad Commission today has on file formal applications from the Southern Pacific, Pacific Greyhound, Westbound Pacific and Sacramento Northern to put into effect July 1 a flat rate of 1 1/2 cents per mile in territory competitive with the Santa Fe.

The filing of tariffs by all major common carriers closely follows the decision of the Supreme Court of California yesterday denying the petitions of the Southern Pacific and Pacific Greyhound for a review of the order of the Railroad Commission granting the Santa Fe the right to inaugurate a coordinated and integrated rail-bus service with one rate, interchangeable optional routing rail or bus or in combination to common points and stopover privileges at a rate of 1 1/2 cents per mile, a 25 percent reduction below rail-coach passenger rates heretofore effective in California.

## Merrill's Body Found in Ocean

Fishermen off Hermosa Beach recovered the body of Lawrence E. Merrill, 18-year-old son of Mrs. Claire Merrill of Redondo Beach, yesterday about a mile off Hermosa Beach. The boy, who had recently graduated from Redondo Union high school with high honors, was drowned June 13 in attempting to swim out to a fishing barge. Bert Merrill, who was a member of the Torrance high school faculty last term, identified his brother's body.

## Harry Bell Explains Boys' State Session; Now at Sacramento

(Continued from Page 1-A)

... to be familiar with its entire structure... that he may not blindly criticize the city, county, state or federal governments as a thing apart but may realize that he is an essential part of and commensurately responsible for, the character and success of his government."

Originated in Illinois

Boys' State is the American Legion's laboratory of practical political science. "Learning by Doing" is the secret of the success of this project and its motto. It is not a picnic, not a outing—not a recreational camp. But it does provide young men an opportunity heretofore unavailable.

Boys' State was first held in Illinois in 1935 and at once proved its worth. In 1936 three more states joined with Illinois in providing these schools of government for the boys of their states. In 1937 four more states including California, sponsored the plan. Last June 300 boys attended the California Boys' State held in Sacramento and gave enthusiastic reports when they returned to the Legion Posts which sponsored them. This year's Boys' State will have a maximum of 500 boys.

The young men enrolled are citizens of the state created especially for them. They are divided into groups and become members of one or another mythical political party. Cities and counties are established and a state government organized. Nominations and elections are held in strict accordance with laws of California.

Housed at Fairgrounds

It is not possible, in the time available, to give to a boy all the information he should have concerning his government but it is possible to give him a good foundation and to instill in his heart and mind a desire to insure to posterity the benefits and privileges we, as American citizens, enjoy."

The boys are housed in the State Fair grounds and buildings. Their instructional and organization activities are conducted at both the fair grounds and at the State Capitol building. Men who are authorities in their different governmental activities are called on and give of their time for the instruction of the boys. Last year many of the highest state officials, including Governor Merriam, gave of their time for the boys'. Governor Merriam has already signified his intention of taking part in several of the boys' assemblies this year. Many college and high school instructors as well as attorneys and State Legislators are also included in the faculty.

I deeply appreciate the opportunity afforded me by Los Angeles First 500 American Legion Post in sending me to Boys' State. I consider it a great honor. I look forward to my ten days at Boys' State as the guest of the Legion with great anticipation and will do my best to measure up to the opportunity offered me.
